*Driven to the Brink*  
Why Corporate Governance, Board Leadership and Culture Matter  
Driven to the Brink is a collection of short stories about corporate disasters and how inadequate governance and flawed culture caused a massive destruction of shareholder value. Look at any major corporate meltdown and two factors emerge: a failure of corporate governance and a culture where short-termism and greed are rewarded and risk is encouraged to flourish unchecked. [...]

This book examines the central role of negotiation in gaining, exercising, and retaining leadership within organizations, large and small, public and private. Its aim is to instruct readers on the way to use negotiation to lead effectively. For far too long conventional wisdom has proposed that strong leaders refuse to negotiate, viewing negotiation as a sign of weakness.

Emerging Issues in Global Marketing

A Shifting Paradigm

This book examines emerging theories, frameworks, and applications of global marketing for the 21st century. It highlights how global marketing is changing in a globalized and digital economy that is fast increasing in complexity and uncertainty. The traditional approach to global marketing is no longer sufficient to address the emerging issues in global markets. [...]

L. Wright

People, Risk, and Security

How to prevent your greatest asset from becoming your greatest liability

Lance Wright shows why business in the 21st century requires a new understanding of the intersection of risk, security, and human resource management. He argues that these areas should no longer be considered separate processes, handled by technical specialists with limited spheres of expertise. [...]

Chief Marketing Officers at Work

Read 29 in-depth, candid interviews with people holding the top marketing roles within their organizations. Interviewees include CMOs and other top marketers from established companies and organizations—such as Linda Boff of GE, Jeff Jones of Target, and Kenny Brian of the Harvard Business School—to startups—such as Matt Price of Zendesk, Seth Farbman of Spotify, and Heather Zynczak of Domo. [...]
This book provides a handy, unified introduction to the theory of compact extended formulations of exponential-size integer linear programming (ILP) models. Compact extended formulations are equally powerful, but polynomial-sized, models whose solutions do not require the implementation of separation and pricing procedures. [...]
