### Money and Banking in Africa

**J. Y. Abor, A. Gyeke-Dako, V. O. Fiador, E. K. Agbloyor, M. Amidu, L. Mensah**

**Money and Banking in Africa**

This book presents a holistic exploration of the banking systems in Africa. Considering the central role that banks play in most developing countries and the vastly different trends and challenges they face, the book provides a crucial understanding of the specific environments in which banks operate. [...]

### Eco-Socialism For Now and the Future

**R. Albritton**

**Eco-Socialism For Now and the Future**

**Practical Utopias and Rational Action**

It is increasingly apparent that capitalism cannot stave off the truly frightening ecological disasters that threaten the future of life on earth. Is it an accident that the strongest and most capitalist economic force in the world, the US, is also that force that is most prone to the denial of the enormous dangers of global warming? [...]

### The Modern Portuguese Economy in the Twentieth and Twenty-First Centuries

**L. Amaral**

**The Modern Portuguese Economy in the Twentieth and Twenty-First Centuries**

This book offers insights into the behaviour of the Portuguese economy in relation to economic growth from the twentieth century to the present. How did the 1891-92 crisis and World Wars impact Portugal economically? How did the Portuguese economy behave during the [...]

### An Economic Roadmap to the Dark Side of Sport

**W. Andreff**

**An Economic Roadmap to the Dark Side of Sport**

**Volume II: Corruption in Sport**

This Palgrave Pivot surveys facts and cases exhibiting and exemplifying corruption in sport. The standard economic theory (economics of crime, game theory) is introduced alongside the economic methods (sanctions, etc.) which are currently derived from it to combat corrupt sport and their limitations. [...]

This book discusses the 1918 European socialization debate, its consequences, and its relevance a century later. Following the end of the First World War, the disastrous social and economic situation facing Europe led to calls for socialization of central...
In the twentieth century there were two great political and social paradigms, the liberal-democratic and the libertarian (in its various socialist, anarchist, and communist delineations). The central idea of the first approach is isonomy: the exclusion of any discrimination on the basis that legal rights are afforded equally to all people. [...]

This book analyzes the structural factors that underlie the persistent mass poverty and extreme inequality in South Asian countries. It highlights the fact that the supposed trade-off between output growth and job creation is a false dilemma. Growth can create jobs, and jobs can drive growth, mutually reinforcing one another. [...]

Shipping and Globalization in the Post-War Era
Contexts, Companies, Connections

This open access book belongs to the Maritime Business and Economic History strand of the Palgrave Studies in Maritime Economics book series. This volume highlights the contribution of the shipping industry to the transformations in business and society of the postwar era. Shipping was both an example and an engine of globalization and structural change. [...]

G. Pizzutto
The US Financial System and its Crises
From the 1907 Panic to the 2007 Crash
Looking at the precedents set by the panic of 1907 and the Great Depression in America, this book investigates the causes of the 2007-2008 financial crisis. Pizzutto examines the effects of monetary policy, as well as of expanding and contracting financial cycles, in order to analyze the breakdown of the money market and capital market circuits. [...]

Water Policies in MENA Countries

The book provides an overview on national policies and regulations related to water resource management in the Middle East and North African countries (MENA), where water scarcity problems are critical. The physical/natural constraints, socio-economic and political circumstances make the MENA region a sort of 'laboratory' for natural resource management and particularly water management. [...]

Building a Cashless Society
The Swedish Route to the Future of Cash Payments

This open access book tells the story of how Sweden is becoming a virtually cashless society. Its goal is to improve readers’ understanding of what is driving this transition, and of the factors that are fostering and hampering it. In doing so, the book covers the role of central banks, political factors, needs for innovation, and the stakeholders involved in developing a cashless ecosystem. […]

**The Psychology of Financial Consumer Behavior**

This book stresses the psychological perspective in explaining financial behavior. Traditionally, financial behaviors such as saving, spending, and investing have been explained using demographic and economic factors such as income and product pricing. The consequence of this way of thinking is that financial institutions view their clients mostly from the perspective of their income. [...]

**US Withholding Tax**

Practical Implications of QI and FATCA

The US QI and FATCA regulations came into being in 2001 and 2010 respectively. They remain today the most challenging cross border tax regulations for financial institutions to comply with and operationalise. There is an increasing trend for financial institutions to become QIs while at the same time, the rules of the QI program become more complex and onerous. [...]
