Key Titles Previously Published ........................................ 22
The present volume consists of up-to-date review articles on topics relevant to psychology and law, and will be of current interest to the field. Notably, the majority of these topics are currently attracting a great deal of research and public policy attention in the U.S. and elsewhere, as evidenced by programs at the American Psychology-Law Society and related conferences. [...] 2019. XI, 322 p. 10 illus. (Advances in Psychology and Law, Volume 4) Hardcover $179.99 ISBN 978-3-030-11041-3

This book highlights the best educational practices for the professionals dealing with mental health and illness. While attempting an overall review of the current state-of-the-art in psychiatry education, the book focuses on recent developments and controversies in undergraduate and postgraduate psychiatric education around the globe. 2019. XX, 518 p. 15 illus., 6 illus. in color. (Mental Health and Illness Worldwide) Hardcover $499.99 ISBN 978-981-10-2349-1

This book investigates the psycho-social phenomenon which is society’s failure to respond to climate change. It analyses the non-rational dimensions of our collective paralysis in the face of worsening climate change and environmental destruction, exploring the emotional, ethical, social, organizational and cultural dynamics to blame for this global lack of action. [...] 2019. XV, 270 p. 5 illus., 3 illus. in color. (Studies in the Psychosocial) Softcover $27.99 ISBN 978-3-030-11740-5

This volume looks at positive psychology from a culturally-responsive, empirically-driven perspective to avoid a descent into pseudoscience. Through evidence-based, regionally relevant topics in the field of well-being, this volume shows how increasing levels of excellence in the GCC region enhance upon business, education, research, and social innovations. [...] 2019. XXVI, 404 p. 61 illus., 44 illus. in color. Hardcover $119.99 ISBN 978-3-030-13920-9
Group Therapy with Children

Psychodrama with Children

Peer groups have a great significance in children’s development. Since children express their problems through play and action, Alfons Aichinger and Walter Holl have developed the basic ideas and intervention possibilities of psychodrama for group therapy work with children in a process spanning over 35 years. [...]

ISBN 978-94-017-9666-8
This book provides a step-by-step guide to integrating early childhood behavioral health care into primary care with hands-on advice for creating, implementing, and evaluating programs. It discusses the unique advantages of pediatric primary care as a setting for mental health services from birth into the early school years, particularly for addressing parent/child stress and trauma issues. [...]
B. M. Z. Cohen

Psychiatric Hegemony
A Marxist Theory of Mental Illness

This book offers a comprehensive Marxist critique of the business of mental health, demonstrating how the prerogatives of neoliberal capitalism for productive, self-governing citizens have allowed the discourse on mental illness to expand beyond the psychiatric institution into many previously untouched areas of public and private life including the home, school and the workplace. [...] 2016. XVII, 241 p. 1 illus. in color. Hardcover $99.99 ISBN 978-1-137-46050-9

R. Cheston, G. Christopher

Confronting the Existential Threat of Dementia
An Exploration into Emotional Regulation

This book explores how dementia acts as an existential threat, both to people diagnosed with the condition, and to their carers. The authors highlight how dementia not only gradually erodes our most fundamental abilities, but that it does so at a time of life when the resources of individuals, couples, and families are already stretched. [...] 2019. IX, 141 p. Hardcover $59.99 ISBN 978-3-030-12349-9

Understanding Children in Foster Care
Identifying and addressing what children learn from maltreatment
This book introduces the Relational Learning Framework (RLF), an assessment tool which helps foster care practitioners, social workers and foster carers to examine what foster children have learned in their early life about relationships and particularly through maltreatment. [...] 2017. XVI, 232 p. 1 illus. in color. Hardcover $ 119.99 ISBN 978-3-319-65375-4

B. T. Klontz, S. L. Britt, K. L. Archuleta (Eds.)

Financial Therapy
Theory, Research, and Practice
Money-related stress dates as far back as concepts of money itself. Formerly it may have waxed and waned in tune with the economy, but today more individuals are experiencing financial mental anguish and self-destructive behavior regardless of bull or bear markets, recessions or boom periods. From a fringe area of psychology, financial therapy has emerged to meet increasingly salient concerns. [...] 2015. XXVIII, 366 p. 10 illus., 2 illus. in color. Assessment and Intervention for English Language Learners
Translating Research into Practice
This book presents evidence-based practices for appropriate assessment of and school-based services for young English language learners. It identifies and addresses the challenges of assessing and intervening with these students at the curricular, instructional, environmental, and individual levels, particularly the complexities of determining the presence or absence of learning disabilities. [...]
This book explores how street art has been used as a tool of resistance to express opposition to political systems and social issues around the world. Aesthetic devices such as murals, tags, posters, street performances and caricatures are discussed in terms of how they are employed to occupy urban spaces and present alternative visions of social reality.

---

Yochai Ataria

The Structural Trauma of Western Culture: Toward the End of Humanity

This book describes the diverse manifestations of trauma and the ways in which trauma has shaped—and dismantled—our culture. Yochai Ataria describes how we are addicted to trauma and have become both its avid producers and consumers. Consequently, the culture in which we live has become posttraumatic in the deepest sense.

Street Art of Resistance

This book explores how street art has been used as a tool of resistance to express opposition to political systems and social issues around the world. Aesthetic devices such as murals, tags, posters, street performances and caricatures are discussed in terms of how they are employed to occupy urban spaces and present alternative visions of social reality.

---

H. A. E. Zwart

Purloined Organs: Psychoanalysis of Transplant Organs as Objects of Desire

This book addresses organ transplantation from a psychoanalytical perspective. Where other authors consider topics of informed consent, scarcity and organ trade, Zwart explores the ways in which the practice fundamentally challenges our basic experience and image of the body, revolving around issues such as embodiment, ownership and bodily integrity.

The Function of Emotions
When and Why Emotions Help Us
This eye-opening text brings together research from behavioral science, neuroscience, and other fields to make a cogent case for emotions acting as a practical framework for living our lives. A dozen basic emotions are analyzed in terms of what causes them, how they change thoughts and behaviors, and the functional value of these responses. [...] 2018. Repeating Hate: Narratives of Loss and Anxiety Among the Hungarian Far Right
This book explores the psychosocial implications of how narratives of hate can affect identities, with a particular focus on Hungary.

G. J. Mellenbergh
Counteracting Methodological Errors in Behavioral Research
This book describes methods to prevent avoidable errors and to correct unavoidable ones within the behavioral sciences. A distinguishing feature of this work is that it is accessible to students and researchers of substantive fields of the behavioral sciences and related fields (e.g., health sciences and social sciences). [...]

S. J. Morewitz
Kidnapping and Violence: New Research and Clinical Perspectives
This book analyzes kidnapping in three general ways. First, kidnapping, including the threat of kidnapping, reflects a breakdown in the mechanisms of social control in society. At the level of interpersonal relations, the weakening of social control processes allows kidnappers to function in different situations and for diverse motives. [...]
