**Performance Management in Retail and the Consumer Goods Industry**

Best Practices and Case Studies

This book offers essential insights into various management concepts for retail and consumer packaged goods companies. Addressing a range of topics in the field of performance management, it presents concepts for management control, management reporting, planning & forecasting, as well as digitization-related aspects. [...]

**The Value Killers**

How Mergers and Acquisitions Cost Companies Billions—And How to Prevent It

In a business climate marked by escalating global competition and industry disruption, successful mergers and acquisitions are increasingly vital to the growth and profitability of many corporations. If history is any guide, 60 to 70 per cent of new mergers will fail – and will destroy shareholder value. To date, analyses of the M&A failure rate tend to focus on individual causes – e.g. [...]

**Global Outsourcing Discourse**

Exploring Modes of IT Governance

The aim of this book is to investigate the discursive power of two original, theoretical lenses when applied to real outsourcing arrangements and phenomena. The Transaction Cost Economics (TCE) and Foucauldian perspectives are brought to bear on five outsourcing relationships in order test the application of these discourses to rich qualitative data over the outsourcing contractual life-cycle. [...]

**Integrated Reporting**

Antecedents and Perspectives for Organizations and Stakeholders

This book critically examines the implementation and adoption of integrated reporting (IR) in organizations and corporations. A relatively new area of policy and practice, IR has rapidly gained considerable prominence since the formation of the International Integrated Reporting Committee in 2010. The book analyzes the outcomes and benefits as well as the shortfalls of integrated reporting. [...]
