Terrorism in the Classroom
Security, Surveillance and a Public Duty to Act
This book charts contemporary developments in counter-extremism within the UK education sector. Set against the background of the controversial Prevent strategy the book focuses on the expansion of counter-extremism into education and draws on key legislation such as the Counter Terrorism and Security Act (2015) that imposed a statutory counter-extremism duty on public sector workers in the UK. How Outlaws Win Friends and Influence People
This book asks a critical question for our times: why do an increasing number of people support, admire and aspire to be outlaws? Outlaw motorcycle clubs have grown, spread and matured. Popular culture glamorizes them; law enforcement agencies fight them and the media vilify them. Meanwhile, the outlaw bikers exploit the current cultural and economic climate to attract new members. J. Gulland
Gender, Work and Social Control
A Century of Disability Benefits
This book uses previously unknown archive materials to explore the meaning of the term ‘incapable of work’ over a hundred years (1911–present). Nowadays, people claiming disability benefits must undergo medical tests to assess whether or not they are capable of work. Media reports and high profile campaigns highlight the problems with this system and question whether the process is fair. [...]

Axial Shift
City Subsidiarity and the World System in the 21st Century
This book uses historical analysis, constitutional economics, and complexity theory to furnish an account of city subsidiarity as a legal, ethical, political, and economic principle. The book contemplates subsidiarity as a constitutional principle, where cities would benefit from much wider local autonomy. [...]

Axial Shift
City Subsidiarity and the World System in the 21st Century
This book uses historical analysis, constitutional economics, and complexity theory to furnish an account of city subsidiarity as a legal, ethical, political, and economic principle. The book contemplates subsidiarity as a constitutional principle, where cities would benefit from much wider local autonomy. [...]
